Dear Donette,

I wanted to let you know how much I and the students at University of San Francisco appreciated being included in the Vision Series 2004 at the Cowell Theater. Not only did it provide us with a professional performance opportunity and a venue to show and get feedback on a piece we were working on for our annual spring concert, but it allowed us to move outside ourselves and see how other local groups are approaching modern dance. The spirit of caring and sharing that is so much a part of the Vision Series is vital to dancing and performing throughout life. It takes tremendous courage to get onstage and give the dance your fullest expression, and the Vision Series fosters an atmosphere that makes everyone want to do their very best.

Donette, thank you for your dedication and energy toward this series. And your incredible organizational skills! There is just nothing else like this – and of course no one like you!

Sincerely,

Megan Nicely
